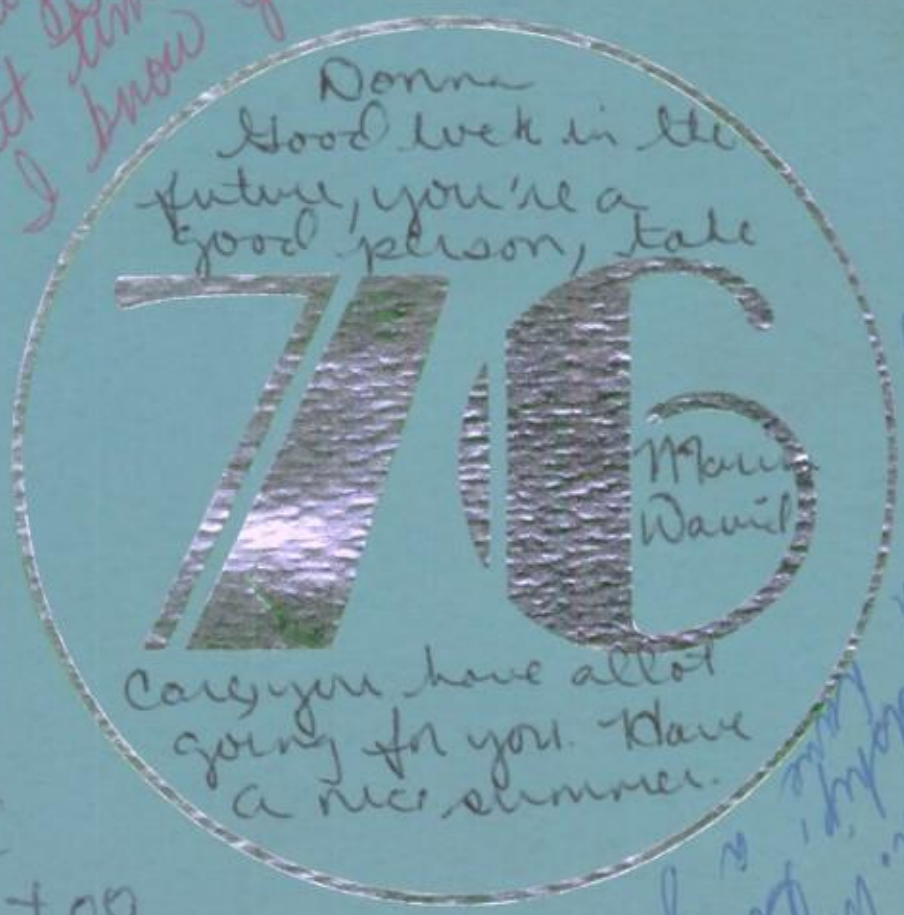
You wild thing -
When do we hit San Diego -
Oh I know who Diana Ross
Do you think I am crazy!
Really - have a great time at
what ever you do I know you will!
Keep on
Maryellen



Donna,
I guess that I
didn't know you too
good but it was always
nice seeing you. Good
luck in the future

Well Donna—
It's all over for you—at least
the easy part is. I know
You to be a very sweet and
understanding person but
You can be a ------

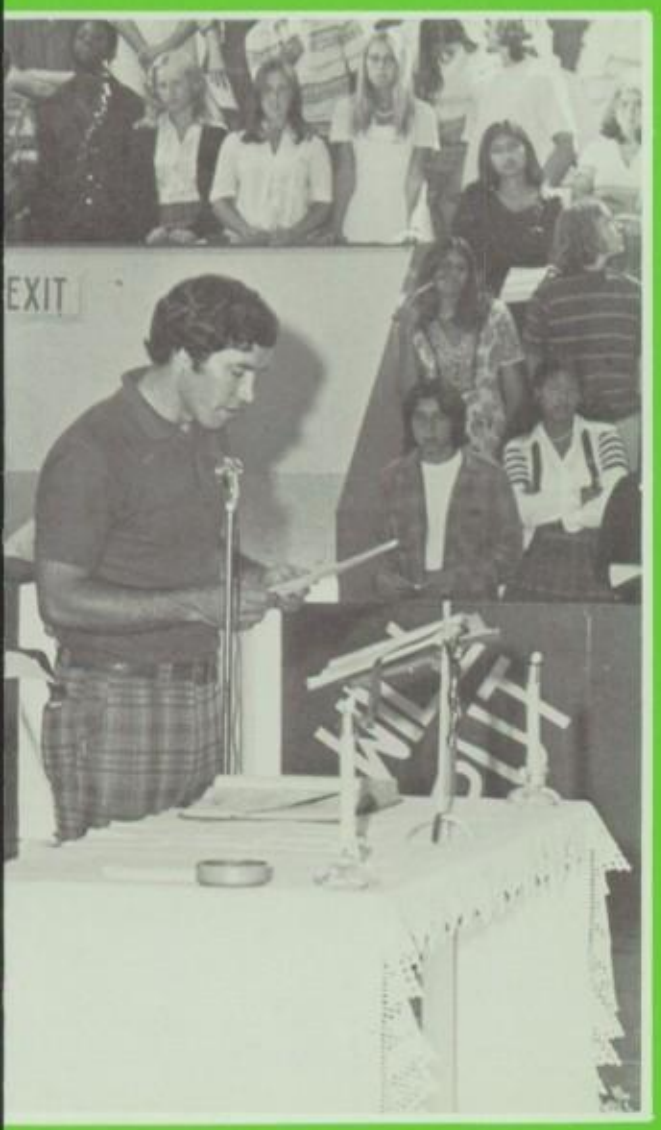
EXIT

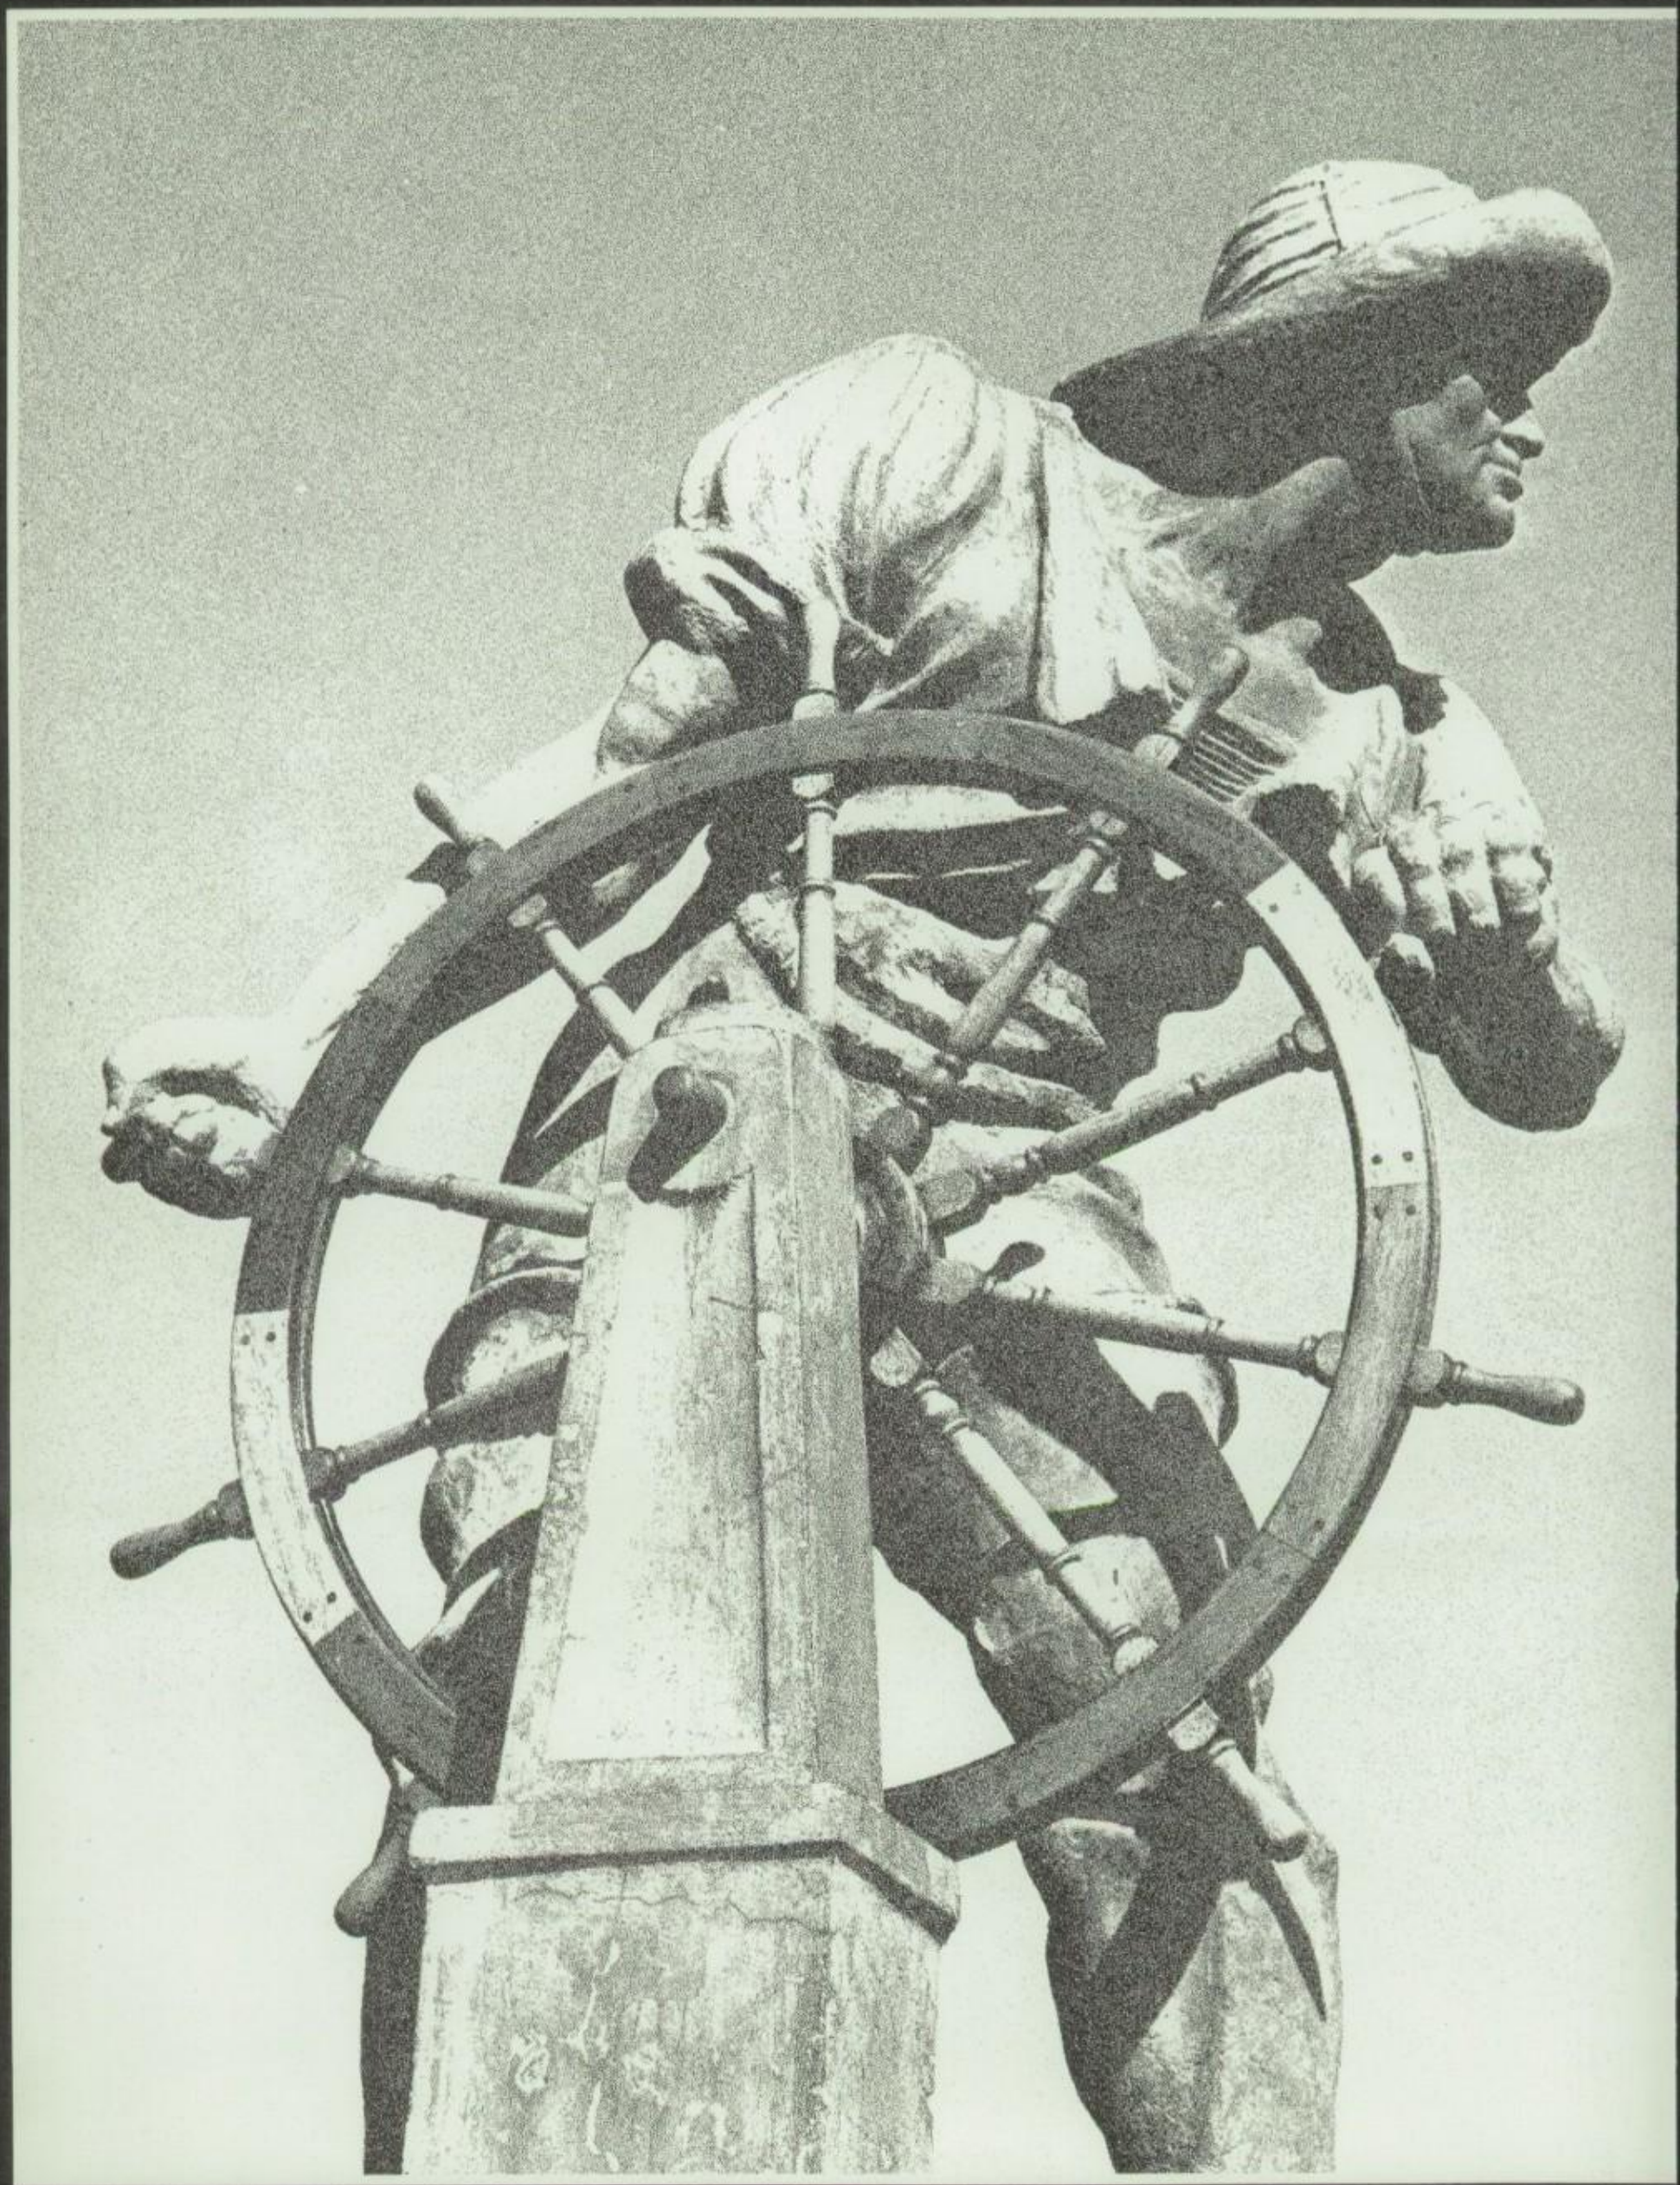
It's the year of the bicentennial, 1976, and the theme of this book is "We the People". For 200 years our country has been united. That's a nice thought, united. On a smaller, totally different scale, that's how we can look at ourselves and those about us at Saint Monica. United by common goals and mutual understanding. We the people, experiencing through our Lord, sports, academics, activities.

It's the people who make Saint Monica what it is. Think about it for a minute... When someone says the name of the school, you picture the teachers, the students, not a building, yard or classroom. It's these people who make high school worthwhile. All the learning in the world wouldn't be worth much if, at the same time, we didn't come to appreciate and accept those about us, realizing what a blessing they really are, and all we can come to learn through them.



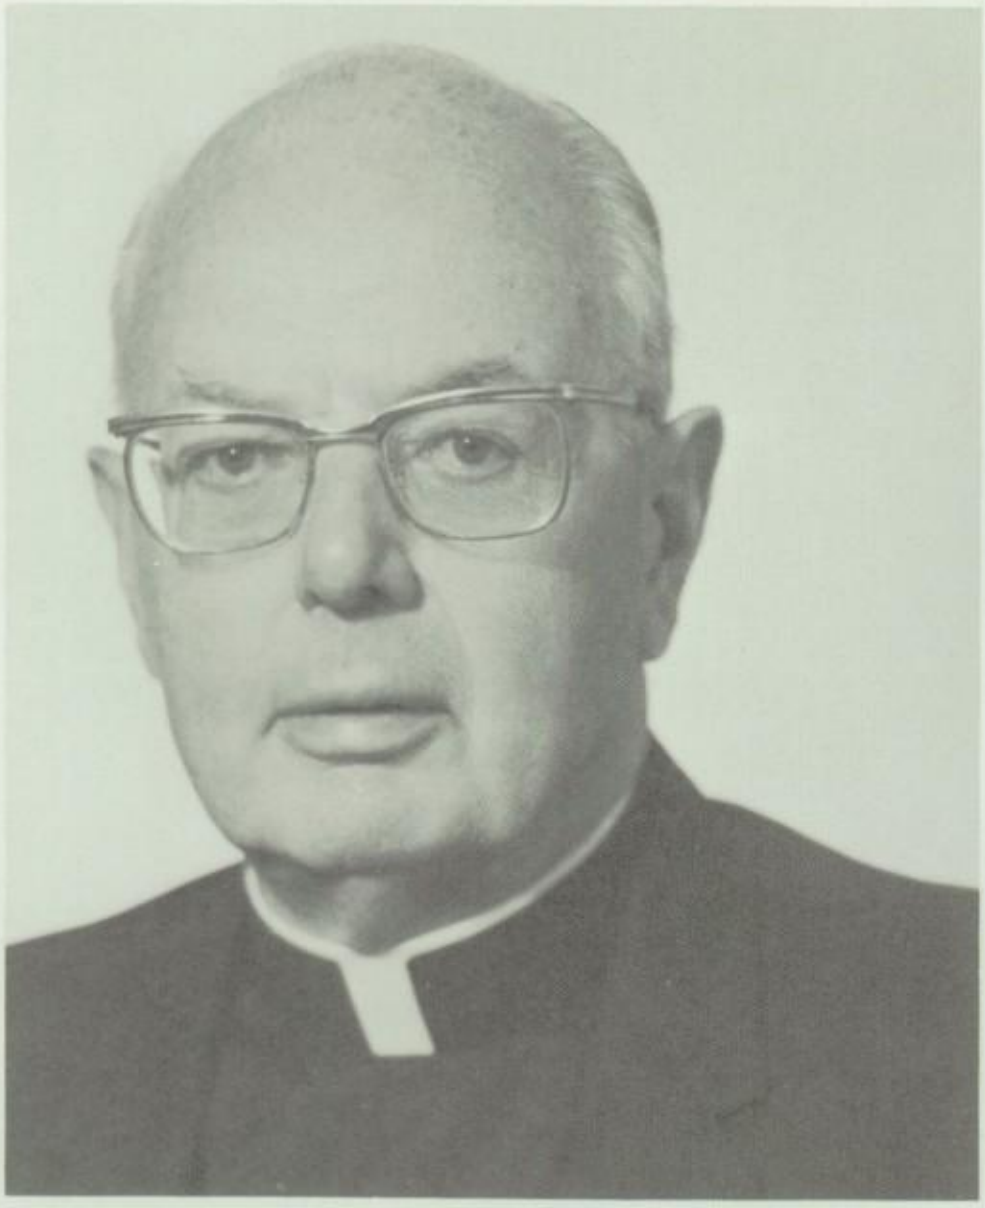
In four short years we progress from a Freshman to a Senior. Four years full of growing, learning, reaching out...and people make it all possible. Through others we find ourselves, by the pain we experience from our love, by the slow and beautiful realization that each of us are unique and special, and have something to offer others.

Here at Saint Monica, we are lucky to have a small student body, enabling all to meet and share, united under the love of Christ and Saint Monica.



WE THE PEOPLE

FACULTY



Monsignor Raymond O'Flaherty has been the Pastor of Saint Monica for 22 years. He has given his time and support generously to the Student Body.

After many fulfilling years as Principal of Saint Monica High School, Sr. Michaeline is leaving us. She has such a beautiful spirit and a deep sense of love for all of us at Saint Monica! She will be missed very much.

The Class of '76 was led by officers Hector Romo, President, Robert Angelotti, Vice President, and Mike Manzella, Secretary/Treasurer. They were ably assisted by homeroom reps Virginia Coughlin, Michelle McCaffrey, Peter McGlynn, Lori Pool, and Mary Whalen. In his first year as a class moderator, Mr. Rick Boyle not only proved himself capable of the job, but also devoted, interested, and enthusiastic.

Senior year marks the end of our progression through high school...four years of learning and expanding. Now is the time for new roads to be sought, new decisions to be made...

FRESHMEN

What would our first year of High School at Saint Monica be like? As the Freshmen Class of 1979 we all shared the same question. We knew that we could not accomplish our goals without the support of the entire Freshmen Class. Everyone had to contribute something in order to make our first year here a success. Our goal for the school year was to spread friendship so that we could become more united as a class. The challenge of this year was eased by our spirit and enthusiasm.

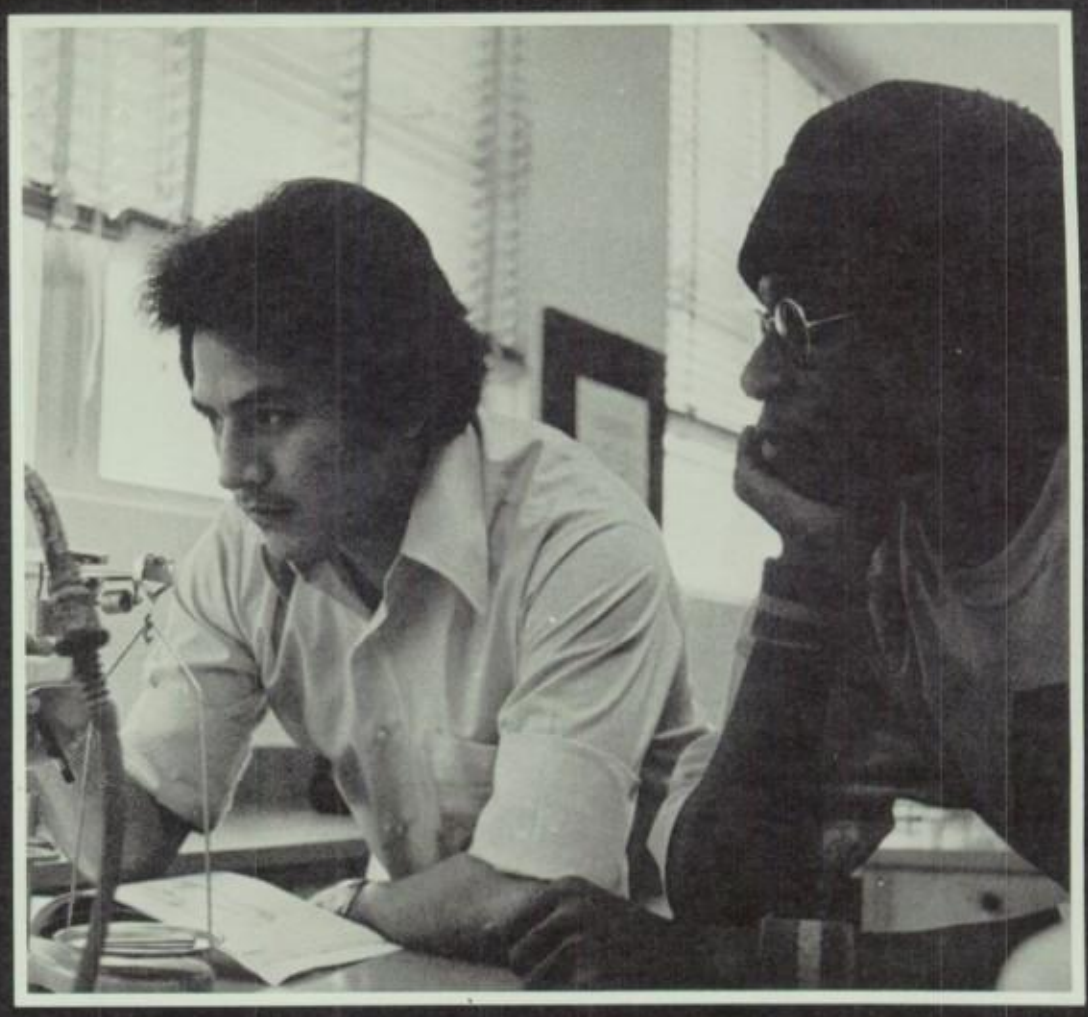
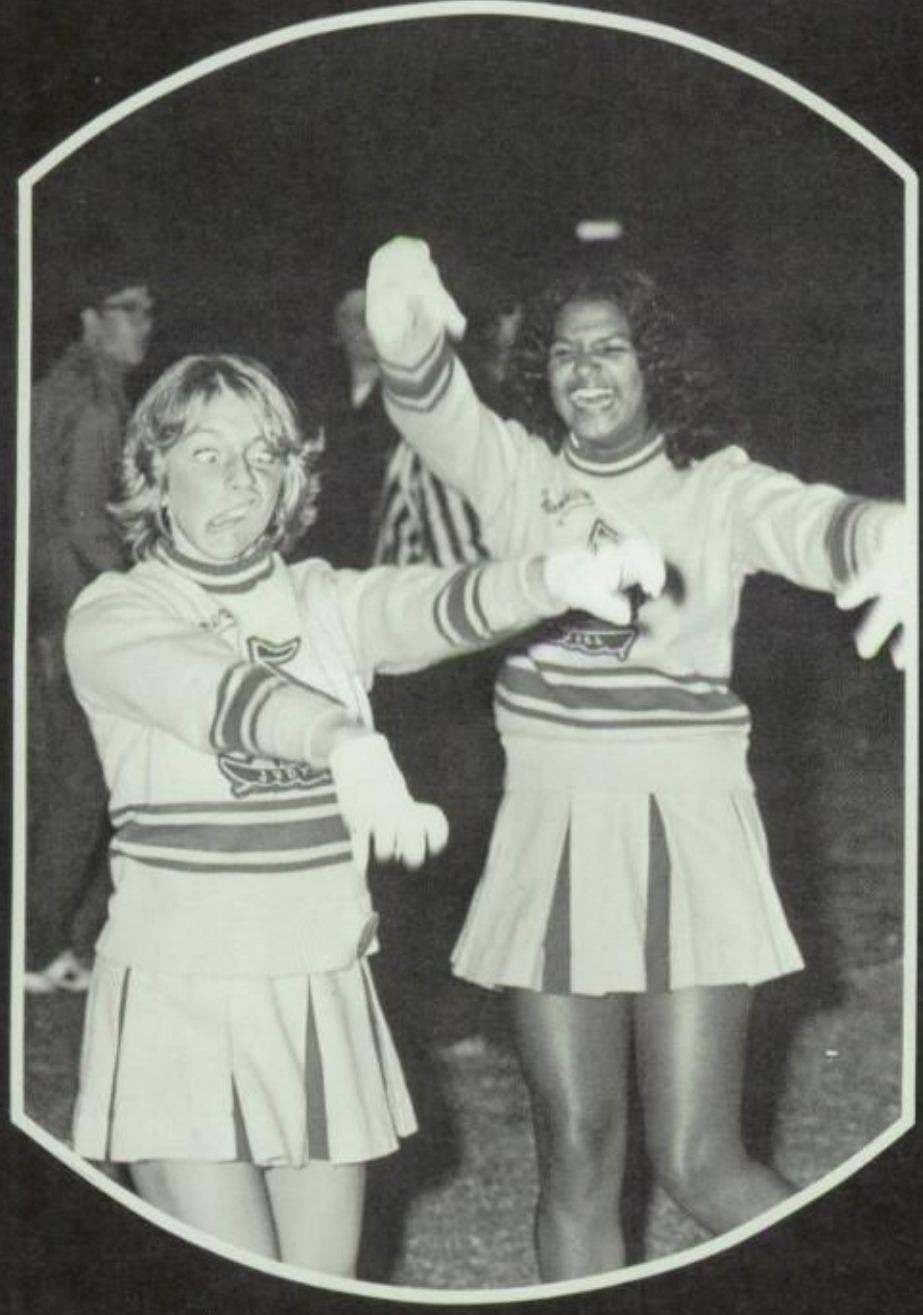
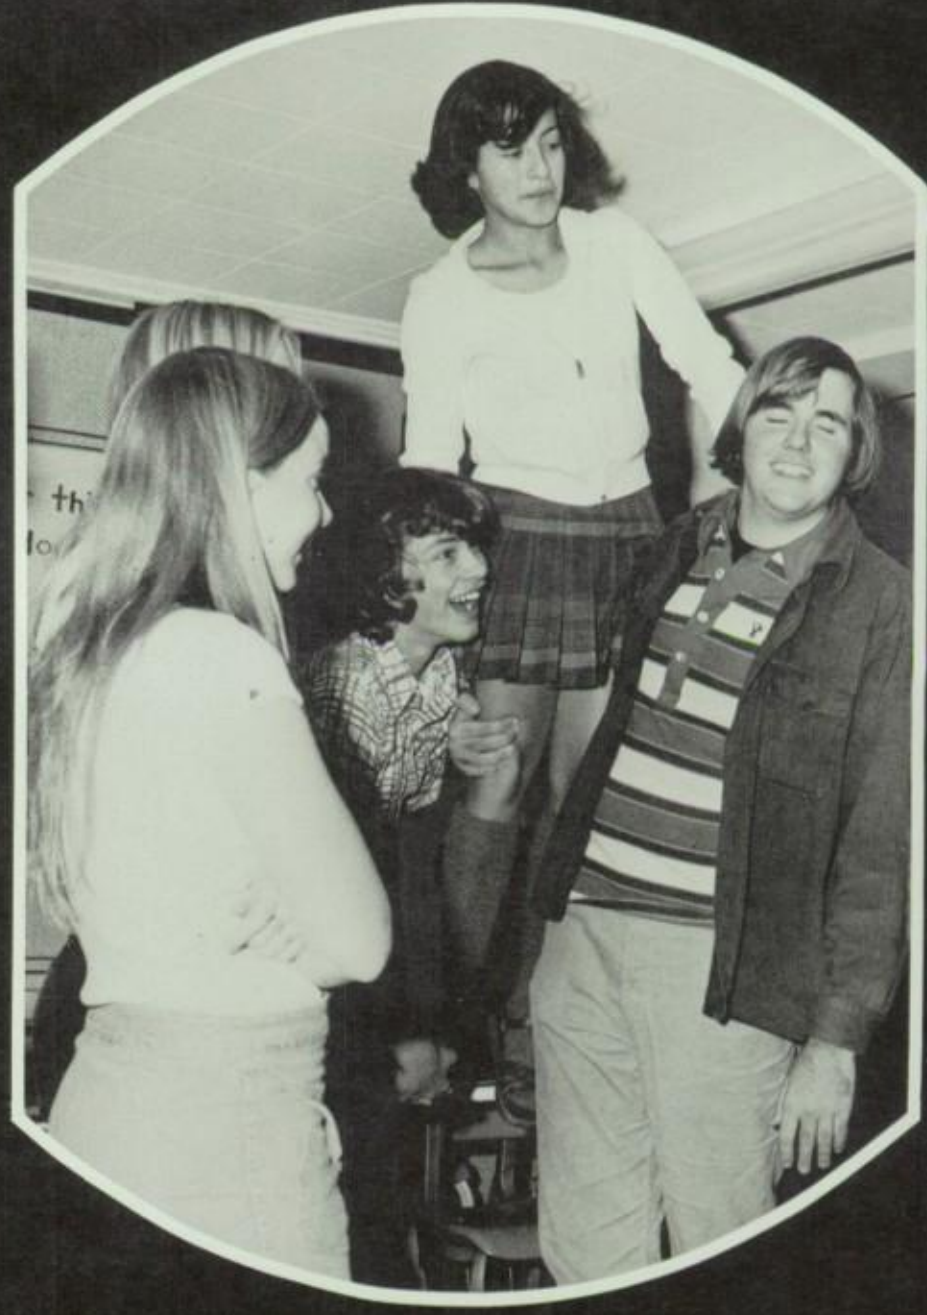
We the people of Saint Monica...friends, classmates, individuals, sharing our lives and experiences. Living today, hoping for tomorrow and remembering the many yesterdays gone by.







We have grown together through the unity, friendship, and spiritual influence around us this past year. We have experienced a part of life together as students here at Saint Monica.

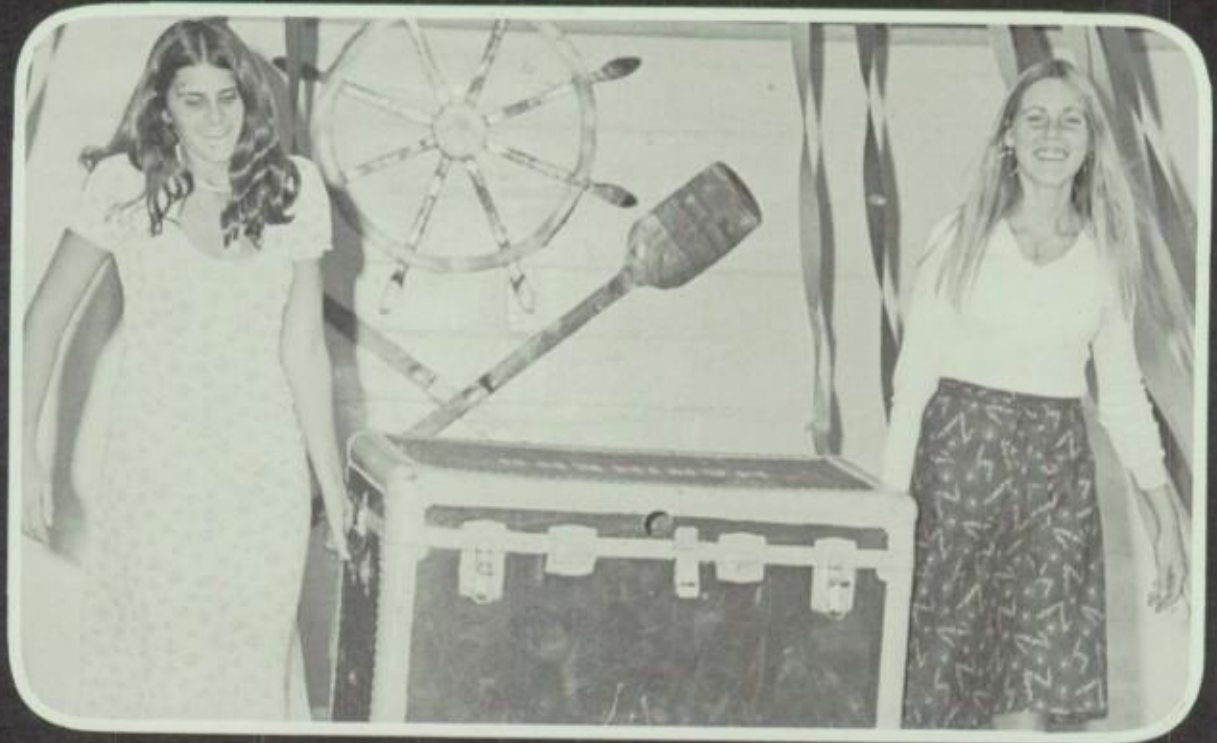
Sister Frances returns to 1975 Homecoming ceremony.



Juniors carry chest filled with gifts.

Every year Homecoming brings excitement and recognition for the people who have given of themselves to Saint Monica High School.

Sue Arellano was the Homecoming Commissioner for the 1975 ceremonies. Sue and her committee planned and worked on Homecoming through summer and the first few months of the school year. The Junior Class worked with Sue in decorating the gym and planning the Coronation ceremony.

She introduced the ten semi-finalists to the Student Body. The Homecoming Court was announced when the silence became unbearable in the gym. Princess Toni Lucero was first, followed by Princesses Janet Downey, Jodie Samaniego and Patrice Cook. Finally, our Queen Mary Whalen was announced. Last year's Queen Theresa Garcia crowned Mary as Homecoming Queen for 1975.

Father Roebert spoke a few words and then introduced Pat Lynch, who gave the football speech on behalf of the Mariner team.

Homecoming
t "75" t

Homecoming is a time of togetherness and unity. Our Varsity football team was unified going up against the Cathedral Phantoms in the annual Homecoming game. However, our team was unable to sustain a drive in the first half of the game which led to a 20-7 loss. The offense did maintain a drive in the second half which led to our only touchdown by Floyd Clements. Hope came into the Mariner team that they could score again, but due to a fumble and the clock running out of time the Mariners hopes faded.

The Homecoming Dance was the following night and everyone danced to the music of Perchance with Queen Mary and her court reigning. Head of the dance was Phil Barber who did an excellent job organizing and planning. The spirit of Homecoming was felt by everyone who attended making it a beautiful evening for all.

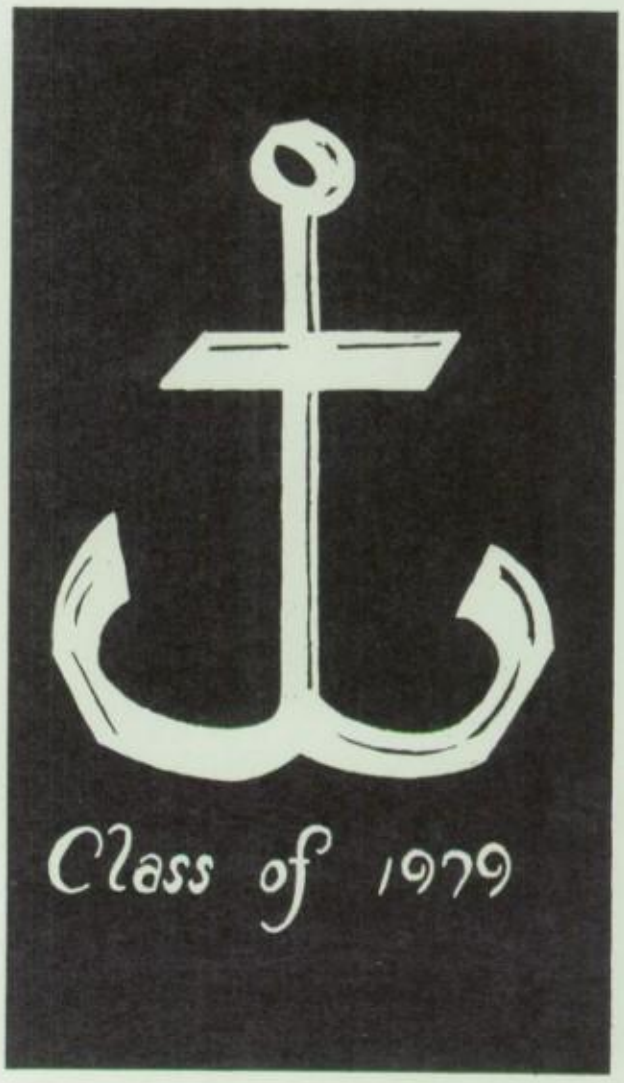
With the dawning of our school year at Saint Monica, the annual event of Freshmen Orientation took place. We began the day with a tour of the campus and explanations by the Seniors of courses that we would be taking. The climax of the day was a Mass to welcome us to the school and to introduce us to our new friends- our big brothers and sisters.



Why don't they leave me alone?

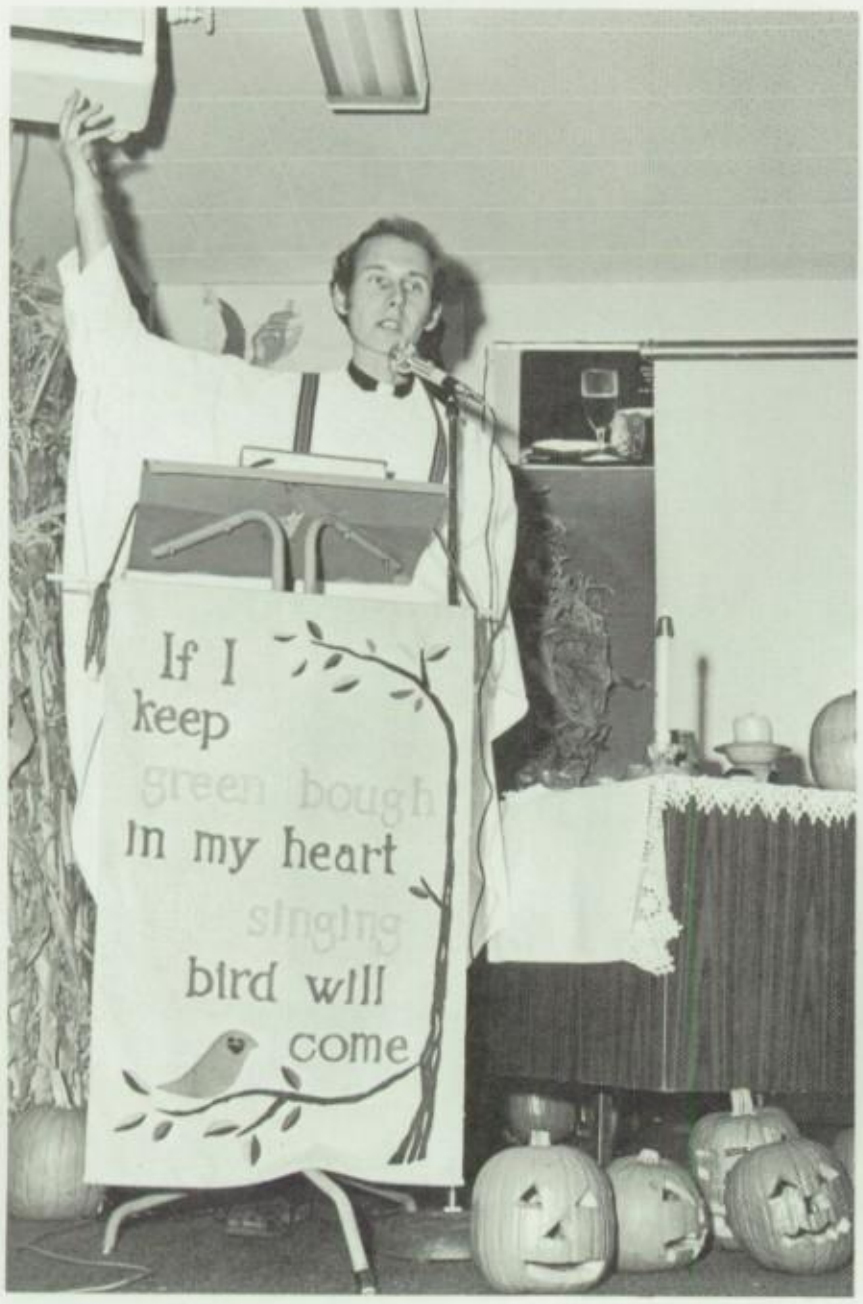
For one week, we Freshmen, branded by green and gold headbands, ran to do the bidding of our big brother or sister. We carried books, sang the Alma Mater and wore green and gold socks. Most of us complied to the Seniors' wishes, but rebels were marked by painted faces.

We Praise the Lord



Father Roebert preaches at Pumpkin Day Mass.

Coming together in Christ's love is what going to mass is all about. Mass gives all of us the opportunity of becoming closer to God. Through God's love and strength we find direction in our lives. We gather in fellowship at His altar to receive His blessings for us. We have so much to be thankful for...let us share our riches and joys with others.

"The love of God is shed abroad in our hearts." (Romans 5:5)

And when we give each other Christmas presents in His name, let us remember that He has given us the sun and the moon and the stars, the earth and its forests and mountains and oceans-and all that lives and moves upon them. He has given us all green things and everything that blossoms and bears fruit-and to save us from our foolishness, from all our sins, He came down to earth and gave us Himself. PRAISE YOU, LORD.

--Sigrid Undset

Christmas 1975

A time to give...
A time to share...

This is what we experienced at Saint Monica's this Christmas. We participated in the annual Toys for Tots program.

Around school, each class decorated a hallway to bring a little of the "Spirit of Christmas" to Saint Monica's. Some classes and groups went carolling to spread the Christmas cheer.

Only true happiness comes when we share with others. We tried to achieve this by sharing our joy with others during this Christmas season.

JR. RING CEREMONY

The New Year of 1976 brought hope and anticipation for the Bicentennial Celebration. But to our Junior Class it brought the excitement of receiving our class rings. Each ring is very unique when compared to others; each is different in their setting, their stones, and the insignias engraved on their sides. We had a choice of all the colors in the rainbow for the stones. Our settings could be in either gold, sterling silver, or white gold. Instead of the usual St. Monica crest and Mariner insignia on the sides, we had a choice of zodiac signs, emblems of sports events, or a club emblem. Although each ring is different, all of them have the year we graduate on the side, 1977.

Class rings are special for they symbolize our loyality to our school. Each of us in the Class of 1977 knows that we are unique and special just as our rings are.

Our Junior Ring Ceremony was beautiful with a color slide presentation put to music. Sr. Michaeline and Monsignor O'Flaherty presented the rings to us individually as our names were called. After the ceremony was over and old tradition took place, we had our friends turn our class rings. The idea is to get 77 people to turn your ring as a token of friendship and good luck.

With the cooperation of the Drama Department, the Theatrical Workshop, and under the direction of Mrs. Phyllis Balduzzi, "The Emperor's New Clothes" was the first play of the school year. Special credit should be given to the Technical Committee, for without the time and effort they gave there would have been no play. The play was double cast for the sake of convenience and to give more people a chance to act in the production.

"The Emperor's New Clothes" is a delightful story of childlike humor that appeals to everyone.

It is the story of Zar and Zan, the two scheming weavers, who discredit The Great Han through their trickery to help the poor weavers of the village.

"I think I'm in love!"

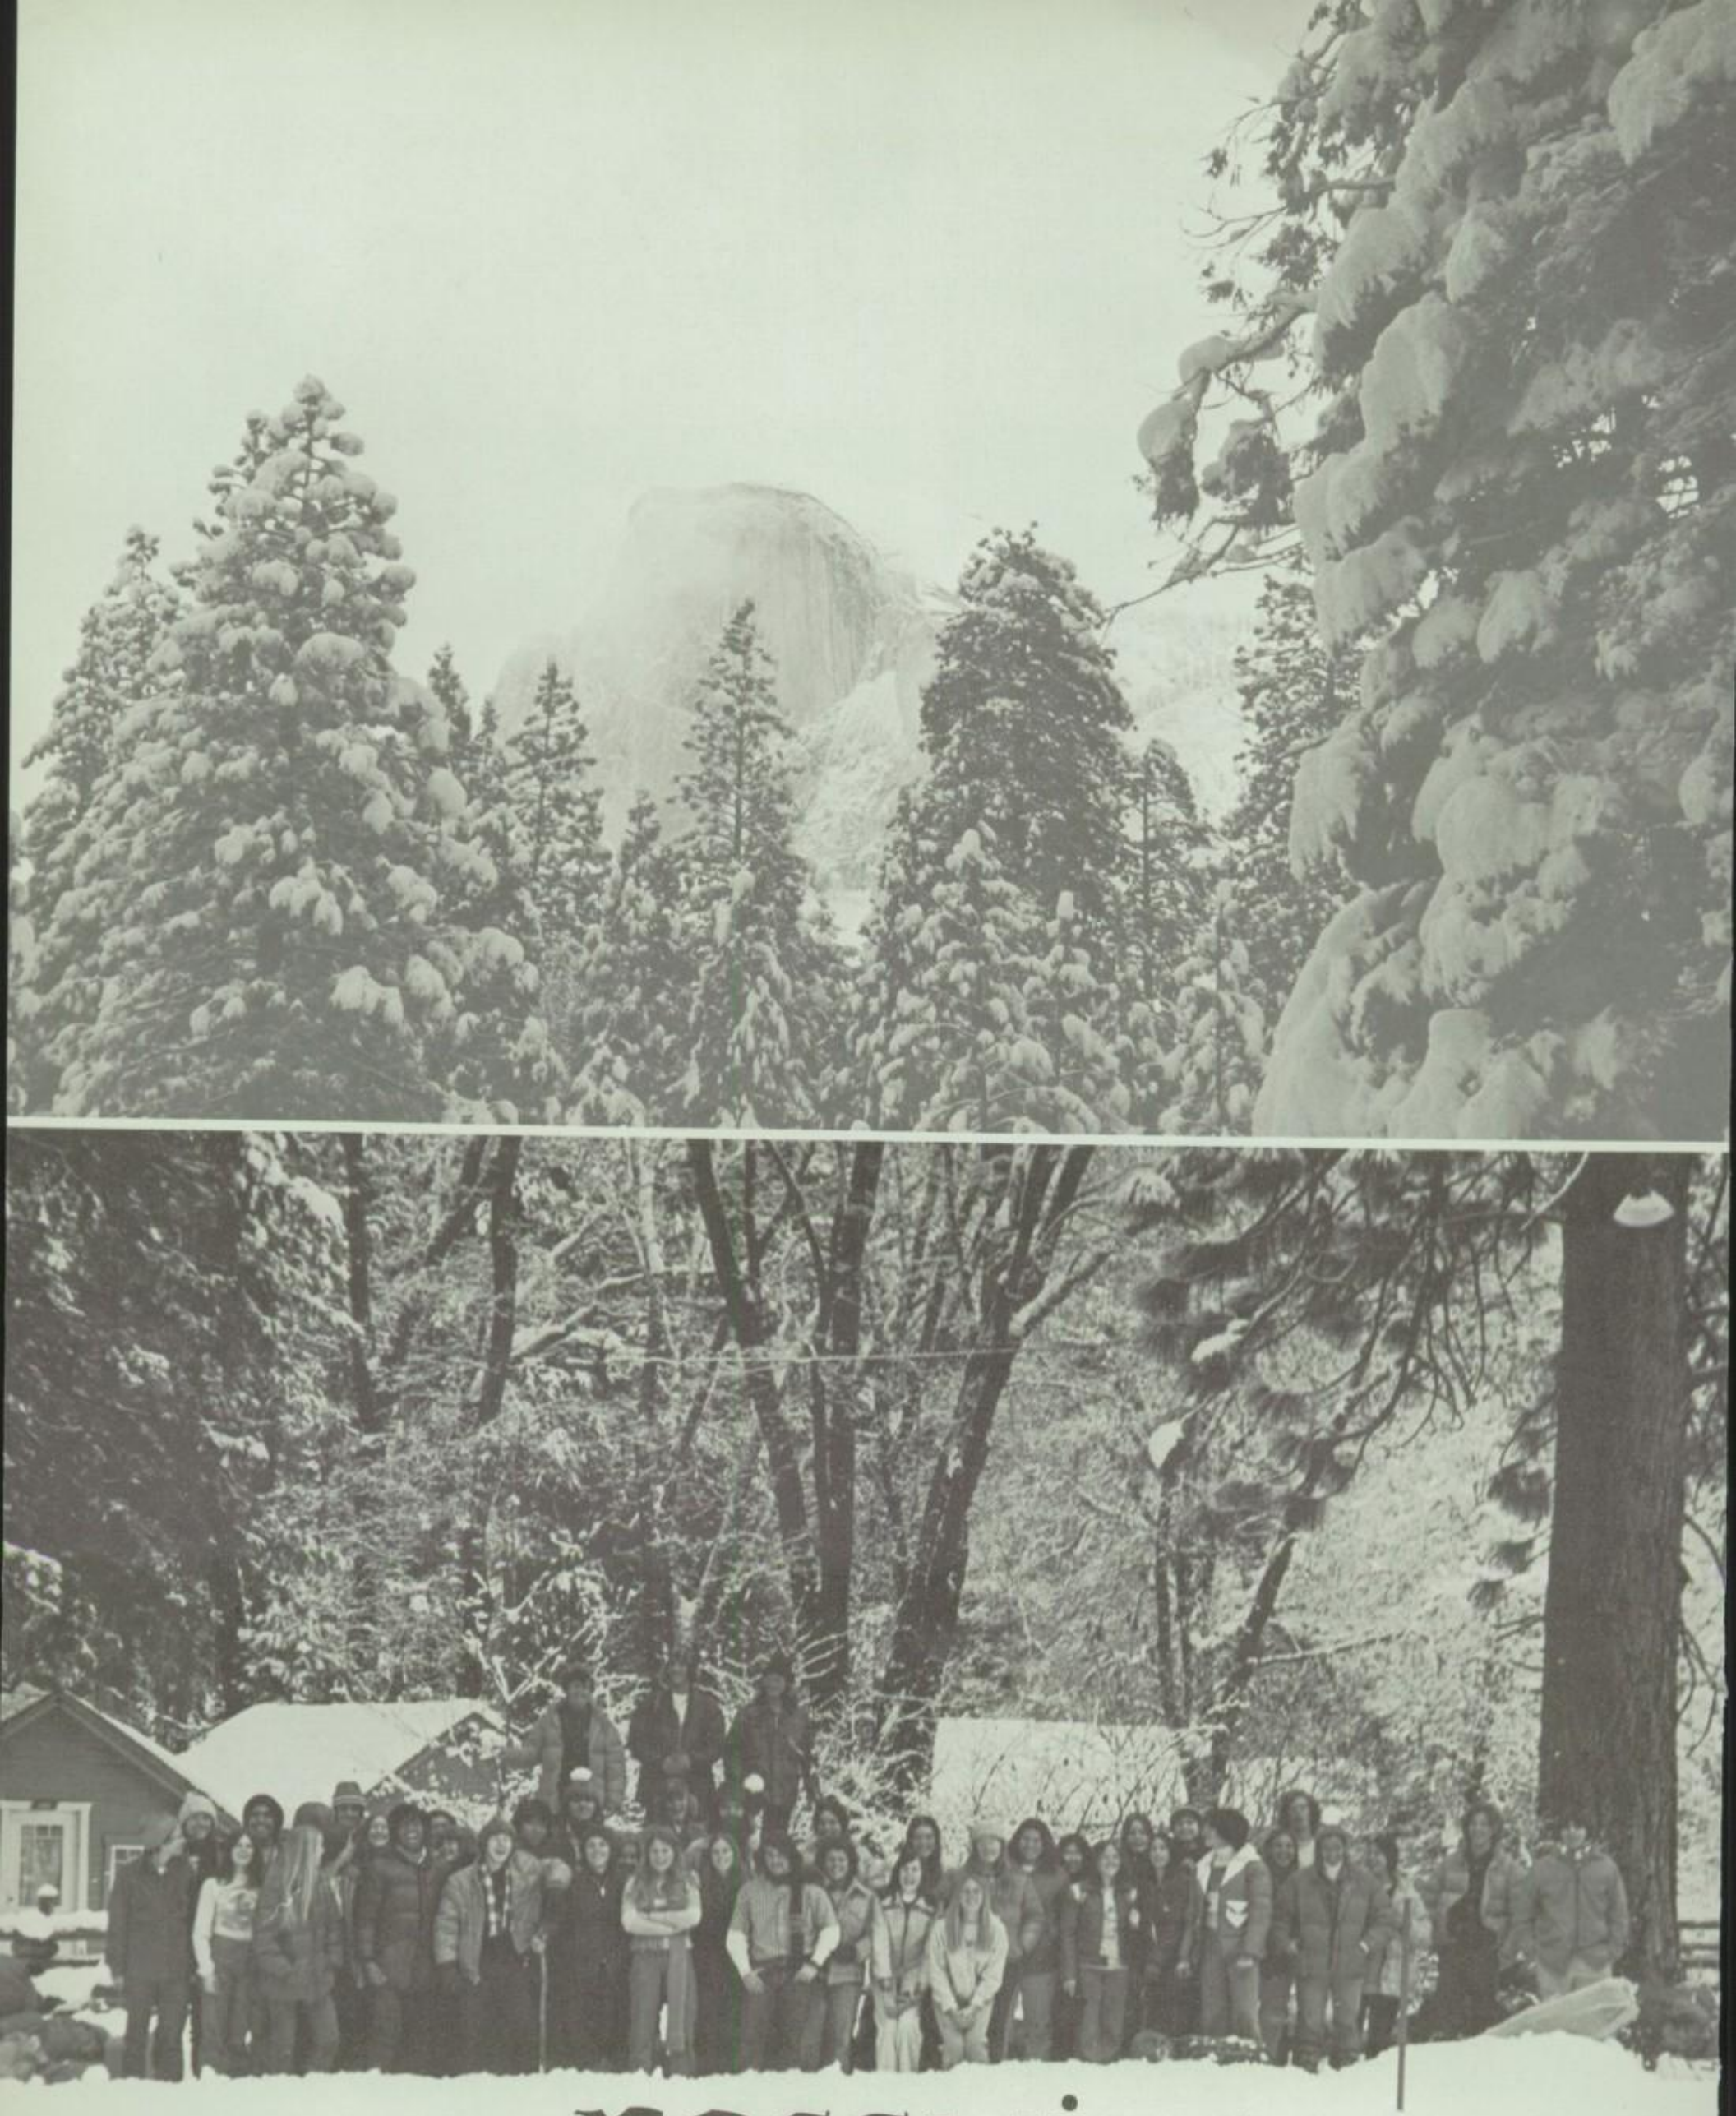
GOOD MAN BROWN!

"Me and My blanket."

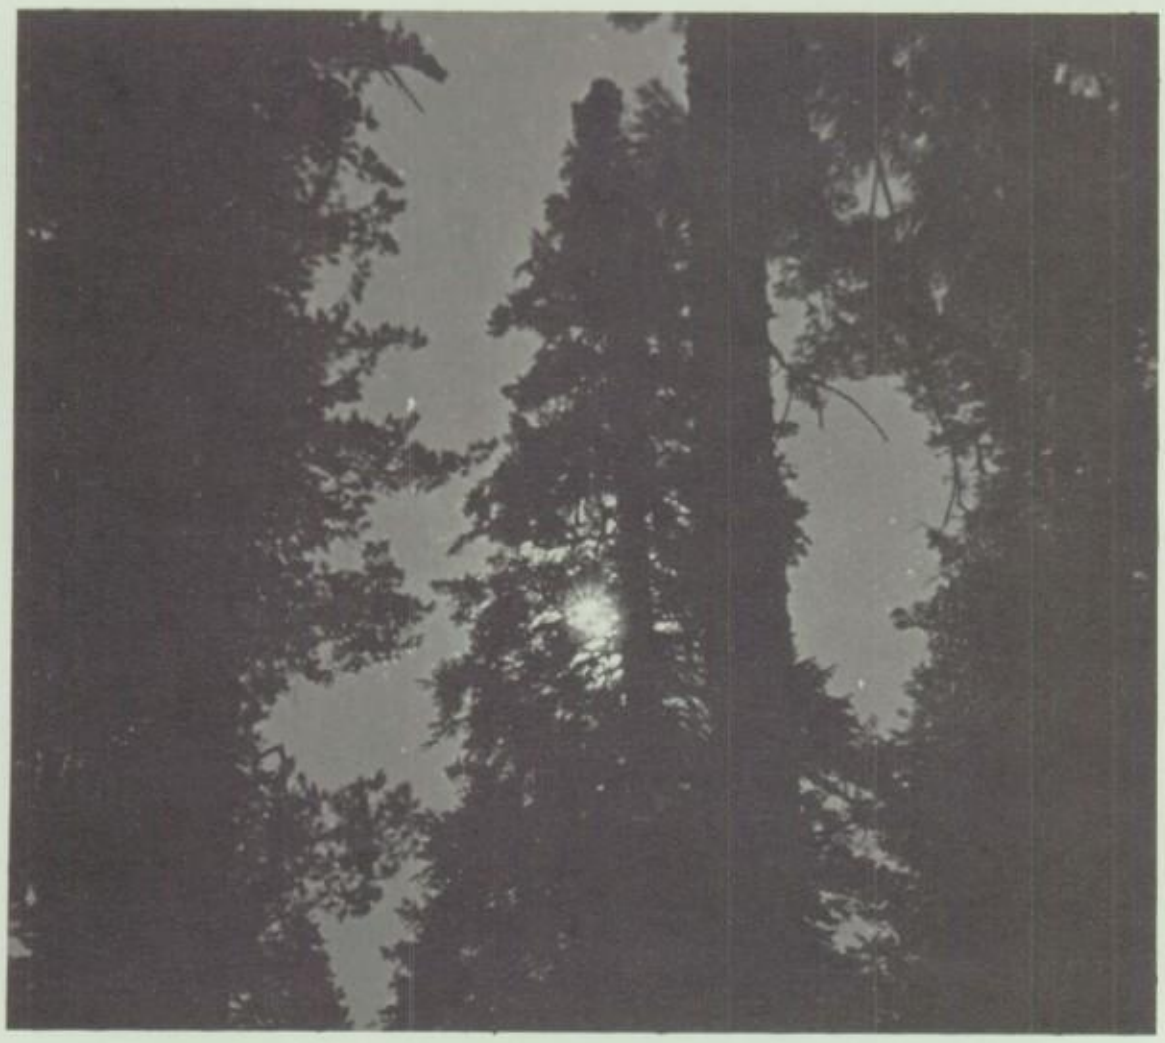
"Yes a jump rope."

"You blockhead!"

You're A Good Man Charlie Brown was the second play presented this year. It was a humerous musical about the characters from the comic strip Peanuts by Charles M. Schultz. Mrs. Balduzzi directed the musical with a small cast of 8 actors & actresses. The cast included: Charlie Brown-Joe Witte, Lucy-Lauren Rodier & Sue Arellano, Snoopy-Paul Maurer, Patty-Tricia Wood & Laura Madden, Schroeder-Larry Nicols, Linus-Charles Ladesich.



YOSEMITE



Hidden amidst the concrete, man-made environment we call the city, is a vast, silent land named Yosemite. On February 1, 48 people from St. Monica embarked on an adventure to this place, planning to spend seven days experiencing the land.

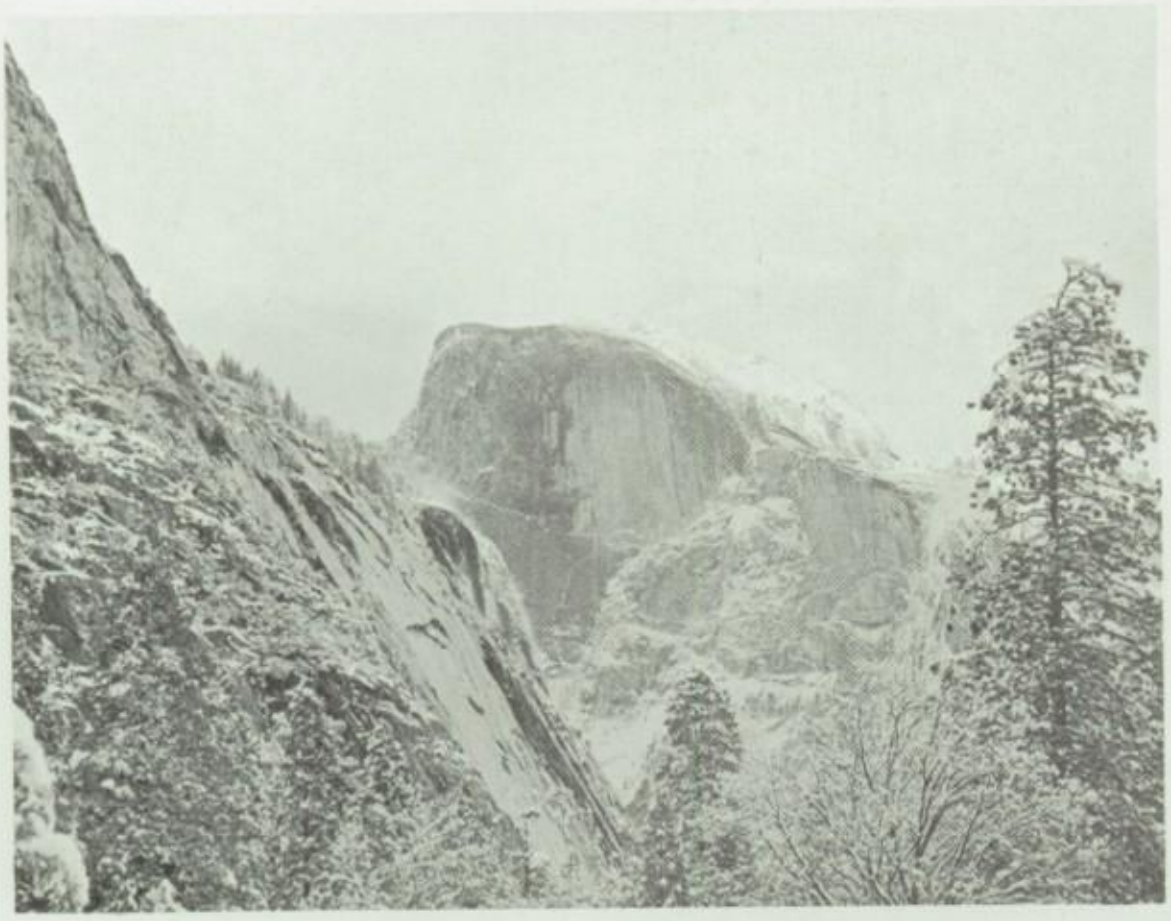
We arrived first at Crane Flats and divided into five groups. Instructions were given and we were placed under the guidance of our Yosemite leaders.

Our days were spent hiking and learning through experiencing Yosemite. Lectures and slide presentations filled the evenings, and star gazing was offered one evening.

To the delight of all, snow fell... with plenty for snow fights and snow angels.

Our last days were spent in the Valley within sight of Yosemite Falls and Half Dome. Too quickly the week was over and we reluctantly returned to civilization.

"GO CLIMB A ROCK"



"Climb the mountains and get their good tidings. Nature's peace will flow into you as sunshine flows into trees. The winds will blow their own freshness into you and the storms their energy, while cares will drop off like autumn leaves."

John Muir

Yosemite trippers listen attentively to their leader.

Chris and Kathy play around the Sequoia.

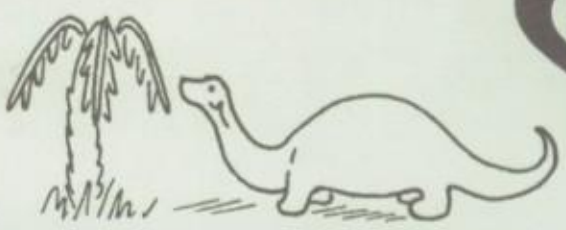
THE GOLDEN AGES

Hi-Jinx---one of the most exciting activities of the year. All of the girls from each class get together to promote spirit and unity in the school. Each of the four classes worked hard preparing their presentations. The night before Hi-Jinx, the gym was magically transformed into historic settings. Each class decorated their section of the gym according to their theme. The next day, Hi-Jinx began with lots of cheers and clapping from all of the classes. Julie Horrigan quieted everyone down and then introduced herself as the M.C., Lord of the Ages. She explained the theme of Hi-Jinx as The Golden Ages. The four periods of history that were to be presented were: the 21st Century, the Renaissance, the Roman, and the Primevil. Julie then introduced last year's Hi-Jinx Queen, Monica Gallegos. Monica reigned over the ceremonies until she was to crown the new Hi-Jinx Queen. The Freshmen Class was then announced to begin and Hi-Jinx 1976 was underway.

Freshmen



The Freshmen presented a Primevil Theme. Their skit began with a man travelling through a time machine. He travelled back in time and arrived in the land of the primitive cavemen. When he arrived, he observed the cavemen singing and dancing. All of a sudden a primitive monster came out of the bushes. The cavemen drew back in fear. What were they to do? Then, from a little hut, someone appeared slowly. It was Freshmen Princess, Lisa Sturges. She saved her people from the terrible monster, which brought forth loud cheering from the Freshmen Class.

Sophomores

The Sophomore Class presented a Roman Theme. Their skit began with Caesar speaking of how he had lost his most prized treasure. He offers a reward to anyone who can find it. Many gifts are brought before him, but none of them are the right one. One day, Caesar takes a walk through his land. He sees all his slaves gathered around something. The people separate at Caesar's command, revealing Roman Princess, Sharon McCaffrey. The Romans kept up their cheering to win the first place Spirit banner for Hi-Jinx 1976.

Juniors

A castle with a drawbridge, and a king and queen, set the atmosphere for the Junior Renaissance presentation. Their skit began with the events in the kingdom. Everyone cried for peace. All of a sudden the drawbridge at the castle lowered and a magician appeared. The magician wondered what could bring peace. With a wave of his hand, a cloud of smoke appeared producing the Renaissance Princess, Chris Herrick, who restored peace to the kingdom. The Juniors went on to win first place for their beautiful decorations.

Seniors

The Seniors captured the first place banner for their futuristic skit of the 21st Century. Their story opened with the '76 Senior Hi-Jinx girls suffering from a severe case of senioritis. The remedy, as prescribed by Dr. O'Boyle, was to put the girls into a deep freeze. They were not restored through the centuries until 2076 when the Senior Space Princess, Lynne Beaudin was brought forth. She had enough spirit and beauty to awaken the frozen Seniors and to become the new Hi-Jinx Queen.

"The Coaches"

Mariner Strategy Brings Out New Talent

Joe LaBarbera moves in on opponent.

"Where are those guys?"

"What's this chick doin'?"

Our football team this year was a dedicated group of guys who emphasis was on winning and team unity. Coach Tom Jessee brought a new spirit and enthusiasm to the team. He knew that it would take time for everyone to adjust to his system of coaching football, and he tried to make us find a belief and a sense of pride in ourselves for the team effort on the field. Along with fellow coaches, Vince Guercio, Rick Garner, and Terri McGuirk, Coach Jessee brought about a sense of professionalism and an impressive set of statistics for each game.

Despite early team losses, the Mariner Varsity pushed ahead to bring about a season that will long be remembered at Saint Monica.

Varsity football means working together and pulling for each other. All the high pressure and emotional aspect involved in football range from a long drive for a touchdown with everyone rejoicing on the sidelines to a pass interception or penalties against our team with everyone mad but still encouraging their fellow players. This season ends Coach Jessee's first season with us, but he will be back next year and he has high goals set for his team next year.

cross country

One of the least publicized sports, but one of the most challenging is Cross Country. With our new coach, Gene Luke, our team worked hard every day building their endurance and speed. The team's overall record in league was a 4-3 season, with Matt Spaulding, who went into the CIF finals. For the first time, girls are on the team this year showing real promise. Our girl's volleyball team put out a lot of effort and enthusiasm this season. Although our squad didn't win many games, the season was still successful due to the good times, new friendships, and love of the game they found through this year. Mariners Keep Head Above Water

This year's varsity water polo team faced a schedule full of many overpowering teams, which showed on our relatively poor record of 2 wins and 6 losses.

Led by team captains Chuck Moore (most valuable player) and Mike Rood (coaches award recipient), the small squad met our opponents with extreme aggressiveness and used experience to gain every advantage possible.

The frosh-soph team headed by Tom Coda (mvp) and Chuck Reagan had better luck against their opponents and finished the season with a 4-4 record.

Our basketball team this year gave us a little bit more than just another winning season. Our coach, Ed Chevalier, and our varsity cagers brought to us many Tuesday and Friday night thrillers.

Led by seniors Jerry Dominguez, Pete Holguin, Paul Maurer, and the explosive Luis Krueger we advanced to a reasonably high place in the Santa Fe League standings.

Perhaps we could have done better this season, but our fine team gave us a year to remember with warmth, comradery, and pride.

The girls basketball team provided an exciting season this year. Jim Smith and Margie Macias, our coaches, brought a new image to the team. We consisted mostly of Freshman and Sophomores, who brought fresh ideas to the team. We were also aided by the valuable talent and experience of the Juniors and Seniors. Our team was more unified and complete through long hours of practice, and we entered each game with a positive attitude.

This year's gymnastics team had a variety of personalities and styles. Each girl had a chance to encounter new techniques through working with the various equipment which included the bars, the balance beam, the vaulting horse, and the floor exercises. We had scheduled competitive meets during the year where we were judged on our abilities, grace, and poise. All our energy is concentrated on perfecting our own individual styles, and we show great promise for the future.

The Mariner baseball program has showed steady improvement over the last few years. Our varsity team, under the leadership of coaches Ice, Valentino, and Pugliese, will surely continue St. Monica's winning baseball tradition. Our team itself consists of mostly juniors with only three seniors, one of these seniors being voted to the all Santa Fe League team in '75.

The last two seasons St. Monica has narrowly missed the playoffs, but this year was different-very different...

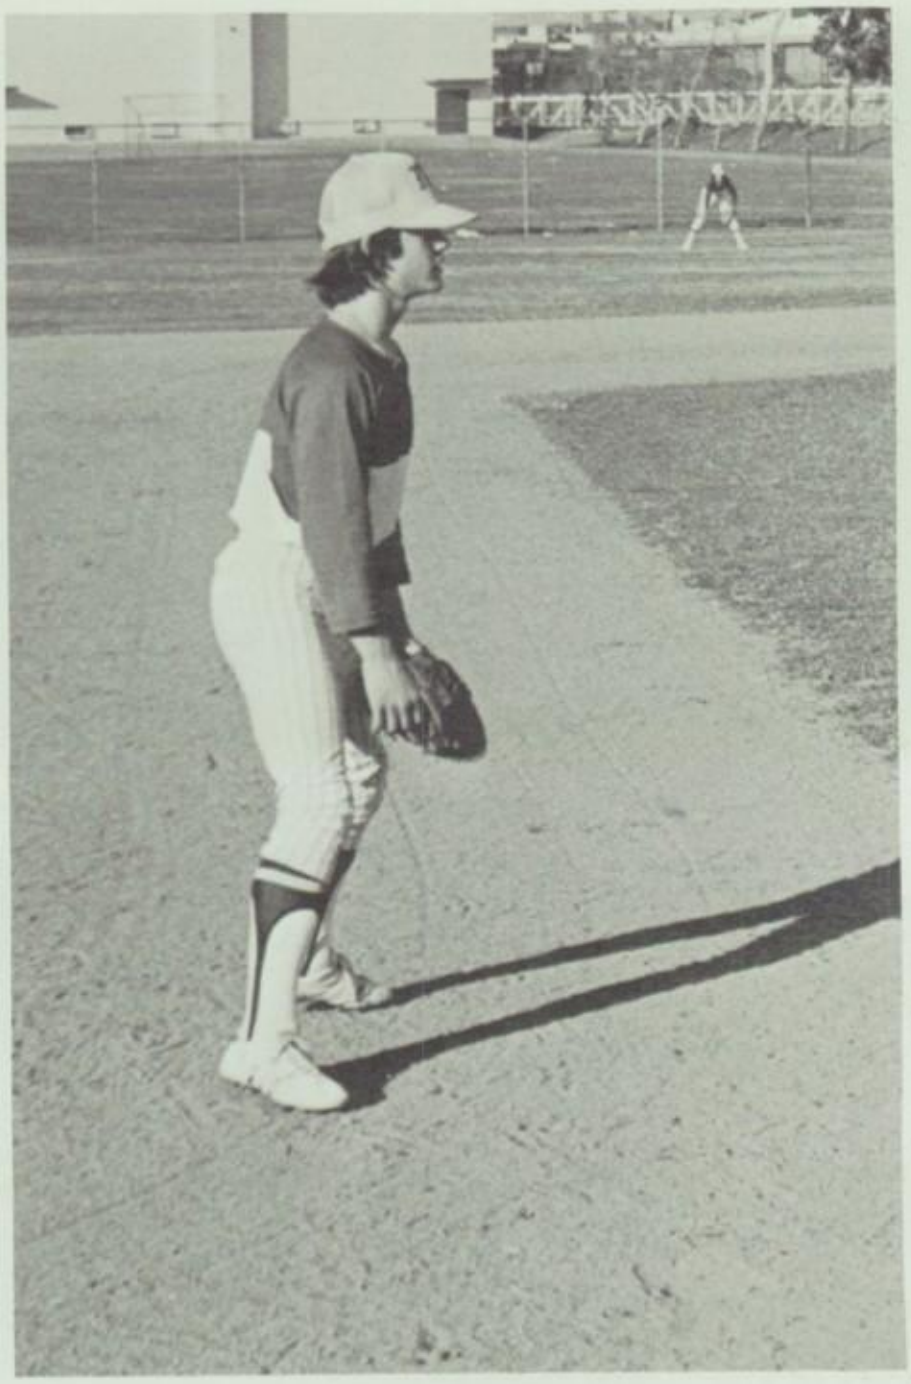
Our goal through the season was "to beat all." We had the spirit and the hope and the talent-our strength and weaknesses balance out. What we brought together at practice was proven on the game field, and we stand together as a team whether we win or lose: it is only through team effort that anything is proven!



Anxious expectations!

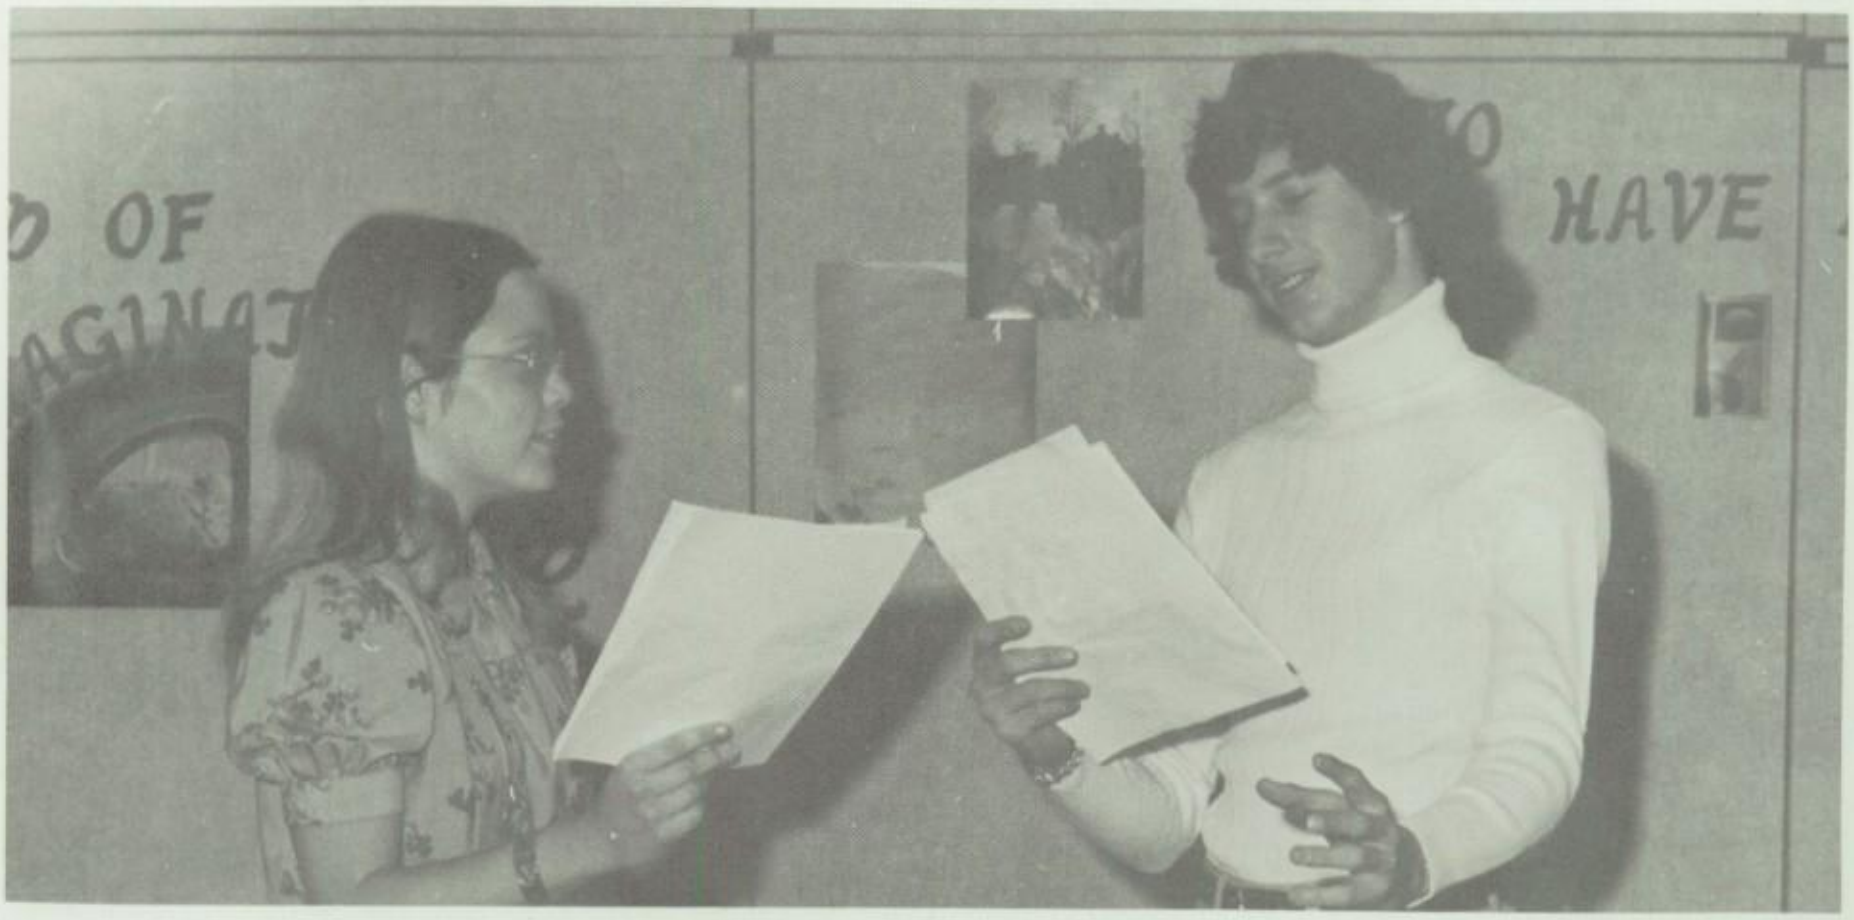
We, the Stat Club, have an important responsibility to the coaches and the athletic teams of Saint Monica's. We watch and record all plays, points, fouls, yardage, etc. The coaches use these statistics to see how effective their offensive and defensive plays work against the opposition. Without these vital statistics our teams would be at a disadvantage.

Our moderator is Chuck Ice, with Pres.-S. Valdivia, Vice-Pres.-C. Diaz, and Sec.-Tres.-V. Valdivia.

Forensics



We, the Forensic team, are a new organization on campus. We develop our own creativity and incorporated research and hard work in preparing speeches for speech tournaments. We have a small team but we feel that we have developed self-expression and confidence in ourselves this year. Forensics is fun, exciting and truely rewarding.

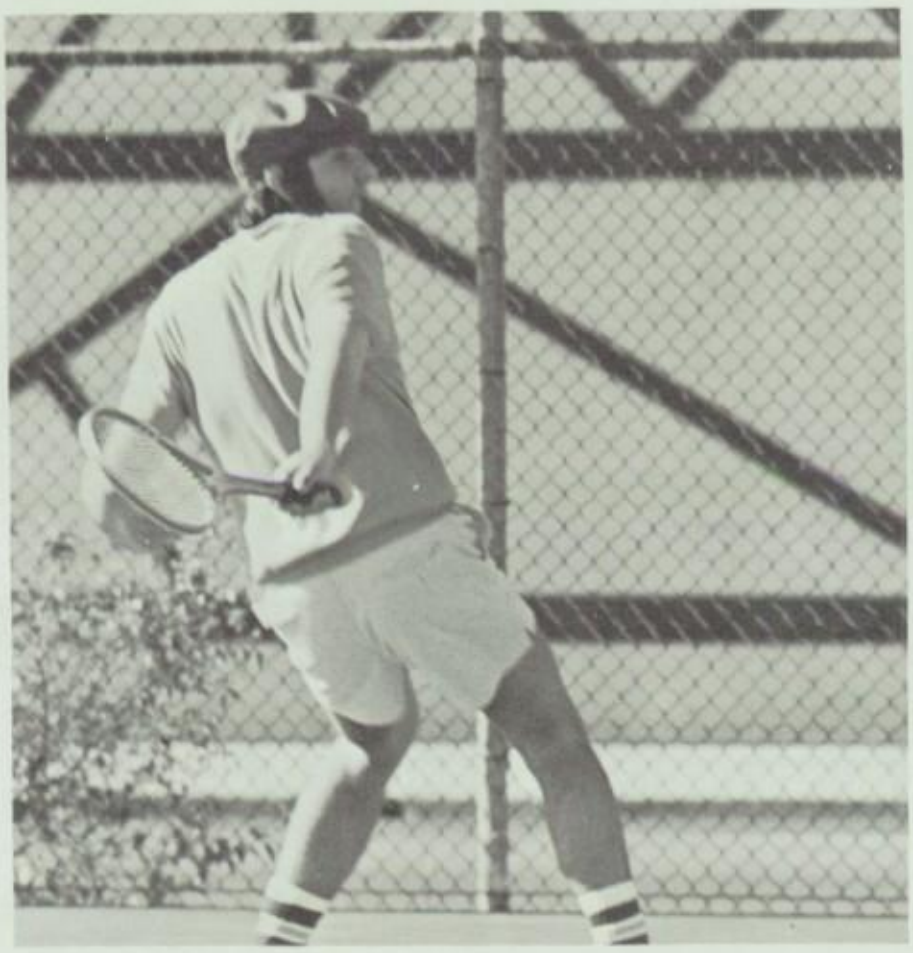
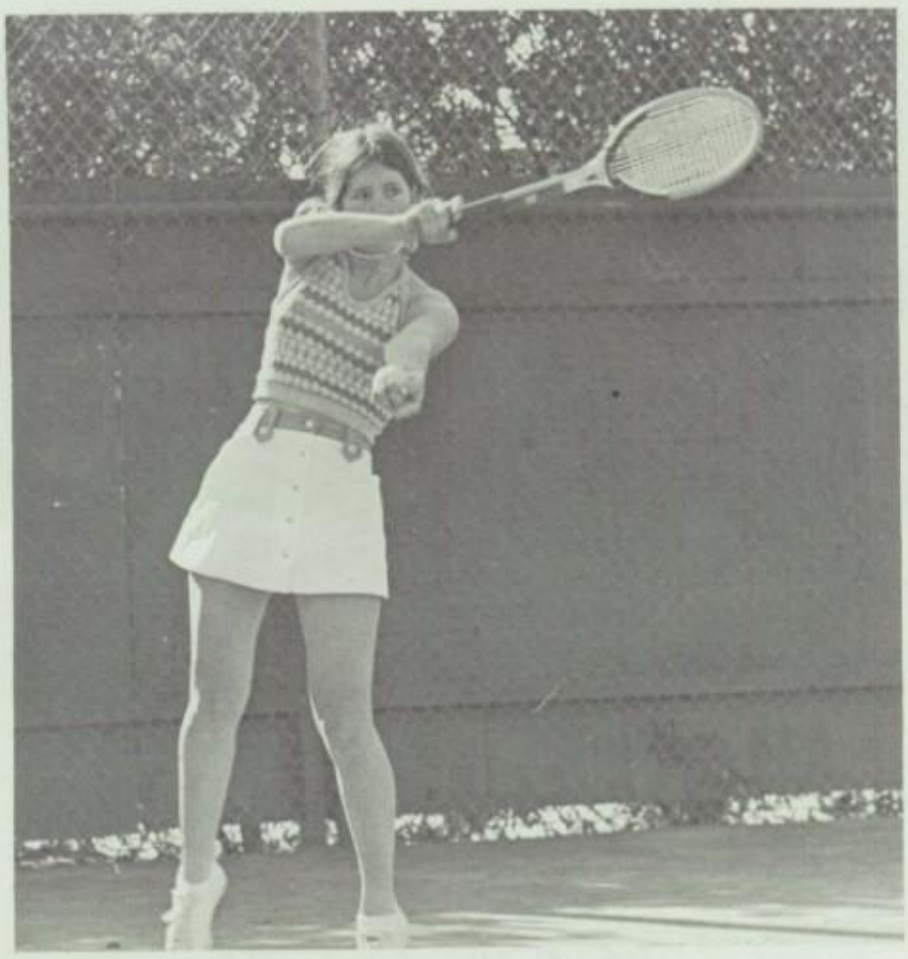
Tennis Club





This year St. Monica's tennis club was back on the courts with a lot of Spirit. We did well against all the schools we played, despite the fact that we have a small team. Tennis is a sport which requires consistency in order to win. Our Team has shown much progress throughout the year. Miss Mackenzie, our coach, helps us improve our skills and our concentration.

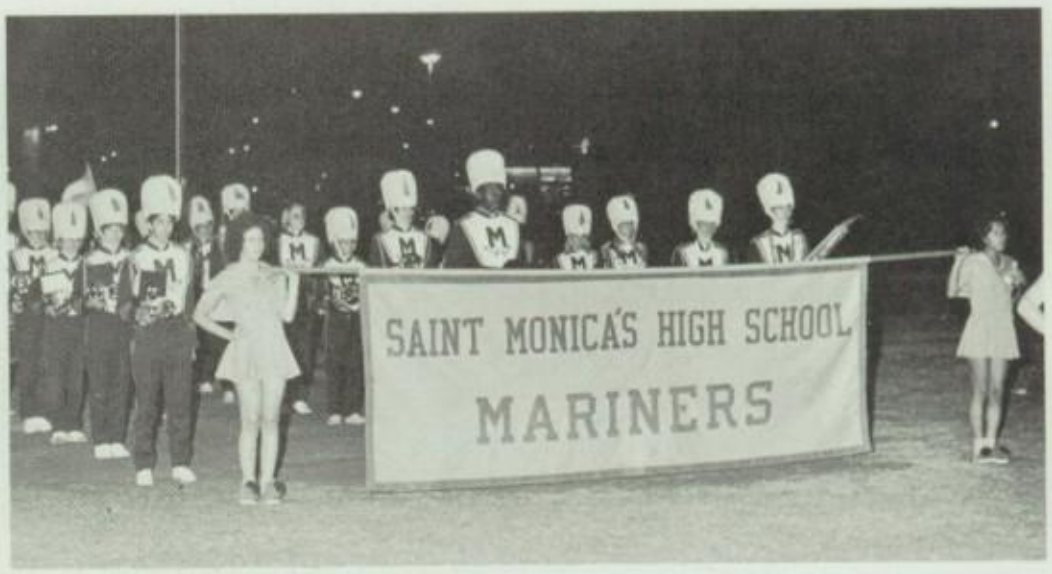
CSF is a club on campus that encourages scholastic achievement. CSF also stresses some type of service, such as tutoring. Tutoring our fellow students helps our members to share their talents with others. Our chapter participated in CSF Day at Disneyland this year, which was a lot of fun. Our members also receive complimentary tickets to three Dodger games of their choice.

Band

Joe Harrant



Guiliana at the saxophone.

Pete DeCarlo, sophomore, plays a mean piano.

The Saint Monica Mariner band was under the direction of Mr. John Belding this year. Our band spent long hours practicing every day before school and they played this year during the Homecoming halftime activities, school assemblies and at basketball games. Our band gives its members the opportunity for individual talent toward group success.

Mr. Belding directs the band in practice.

EXTRA! EXTRA! EXTRA! Read all about it!

Working to serve the Student Body and to advance the outlook of everyone, is what the '75-'76 MARINER is all about. There were the long hours spent at the top of the West Wing, as we tried to get the best paper out as quickly as possible.

But ask anyone on the staff and they'll probably tell you "it was worth it." For through it all, each of us grew in mind and spirit. And, hopefully the MARINER brought something to each person who reads it; something that will remain in their hearts and minds as long as they remember their life at Saint Monica's. That alone is worth enough.

Chess Club

D. Whitlock, S. Marks, M. Manzella, K. Hessman, S. Pashke, D. Flannery, D. Brody

Chess Club officers converse.

We, the members of the Chess Club, give students an opportunity to develop chess skills and concentration. We hold tournaments at lunch and after school, which are open to anyone who wants to play. We are a new club to St. Monica's and hope to grow in membership as time goes on.

Drill Team

Moderator-Dale Imming

"Forward March"... "About Face"..."Drill Team Halt". After an absence of a few years, we, the drill team, returned to St. Monica High. Under the guidance of Mrs. Imming and Skipper Patty O'Hanlon, we worked on different routines throughout the year. We entertain the spectators at football and basketball games. The performances included a halftime show at Homecoming, a Christmas program for the student body and several routines for home basketball games.

"THE LUCK OF THE IRISH"

Hey Pete, what are you going to do after graduation.
I'll do my undergraduate work at Yale, then maybe move on to M.I.T. for my Masters in P.h.d. I don't know exactly what field I'll go into- maybe nuclear physics and later brain surgery. Of course, I'll write a few novels on the way and run for Congress, and when I die I'll will my body to science.
What are you going to do after graduation?
Go get a hamburger.

Whatever you decide, good luck from Everest & Jennings.

Knowledge and Beauty

I now want to know all things under the sun, and the moon, too. For all things are beautiful in themselves, and become more beautiful when known to man. Knowledge is Life with wings.

Companionship

Give your hearts, but not into each other's keeping.
For only the hand of Life can contain your hearts.
And stand together yet not too near together:
For the pillars of the temple stand apart,
And the oak tree and the cypress grow not in each other's shadow.

Such is friendship that through it we love places and seasons... Words cannot express the joy which a friend imparts; they only can know who have experienced that joy. THANK YOU

Donna,
There comes a time in every girls life when they have to realize that it's time to grow up.
I doubt if you'll ever realize it, and I'm sorry. And I'll always be your friend.
Have a beautiful SUMMER
Good luck in the future
Cause you need it. "Hope you find that "Mr. Right" and be as happy as I am with Vincent."

We've been through a lot together - our mothers giving us the mean look, trying to figure out what College we were going to, Getting high, Coming home late from Parties, Sharing Mexican. We can be the Mixed asters. I hope where ever you go or decide to live you'll always remember me and come pick me up for the College Reunion. Remember all the men we didn't meet. I really wish you could go to SMC with me. Trying to stay on [illegible] so we wouldn't be Chubbets. Going over menstrual Being mad at each other. Trying to find dates to the Prom and now grad Night. Maybe we can even go to the Jazz festivals Remember the entire are the fat Slob Mr [illegible] Your going to go blind trying to read this stupid thing

Mr. Dominguez — Mrs. Maurer
Mrs. Harrant — Mr. McGuirk

Lynnette Renée, Lynne, my Bubbles: where would this book have been without you? Thanks for all the effort, time, and dedication you put in. . .you did most all the practical work. . .I was merely the creative genius behind the over all project. I wish you rainbows, and thanks for those you've given me. Thanks T.P.M.; Sara (Snerdie) and Diane P. especially for all your extra hard work; Phil and the photography staff; EDMUND; Jodie and Michelle (How'd you do it?!?); Lisa and Alice; MAUREEN: Bob and Chuck; DIANE T.: Joe; Mike R; Marcia and Diane J., too. Special Thanks to our Dave-The-Yearbook-Man, and Mr. O'Finnegan. (Dede where were you?) Unfortunately, not all the events of the year could be included, due to deadlines and the fact that the whole book must be submitted by March, but we worked long hours to produce the best book we could. Compass was more than producing a yearbook, it was an experience in working with others, of getting to know them, and I'm glad for that. . .that made it all worth while.

The Lord is my shephard; I shall not want
In verdant pastures he gives me repose;
Beside restful waters he leads me;
He refreshes my soul.

Bill Hannivier

Working, laughing, & sharing with everyone on the staff this year is like the rainbow. And I suppose, this, the finished product, is like the pot of gold at its end. And, though this book will always be very special to me, the memories I have of the people, time, effort, fun, laughter, love, & hours it took to put it together shall remain with me forever. A special thanks to Michelle and Jodie for all the time, ingenious ideas, good humor, and general concern for the book that they always put in so willingly. Maureen. . .Thank you, thank you, thank you for everything-from ADS to all your craziness! Best of luck for "77(Don't forget our "NNGOC" page!) Our Sport staff. . .looks good! Thanks Chuck & Bob for your creativity & diligence. Sara. . .THANKS a-million-and-one times. You were always ready with your exacto and your ideas. You weren't only a staff member, more of a 3rd editor, and a comforter at deadline times. Thanks for all the laughs! Most of all.. .many, many, thanks to Bill-we finally made it! There isn't much I can say but I think you know how I feel. Well, they say there is a rainbow at the end of every storm. We all know there were surely enough "storms" but there were also plenty of rainbows that made this book, our pot o' gold, all worth it. For me anyway!

Good-bye!
lotsa love,

"The rainbow is more beautiful than the pot of gold at its end, because the rainbow is now and the pot never turns out to be quite what I expected."
